

Freedom
By
BRADCOT

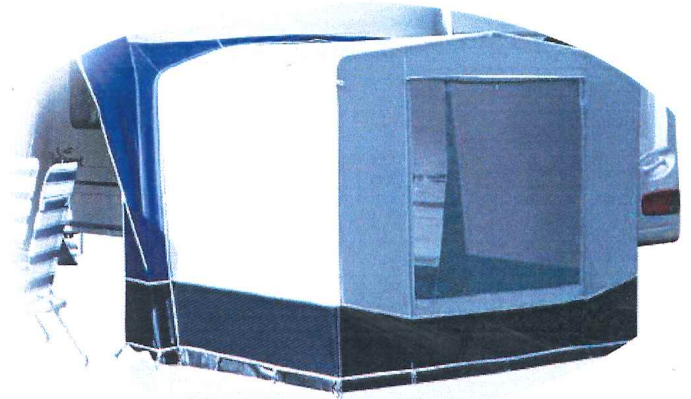

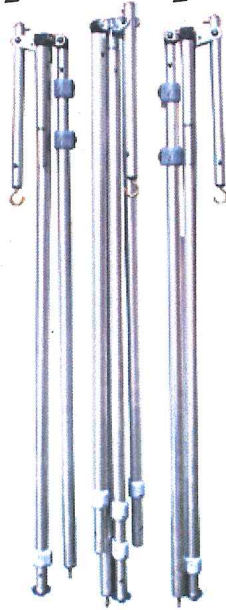

Freedom by Bradcot's Easy Aluminium System Frame is the ultimate in frame technology - offering simplicity, style and strength in a lightweight frame that is virtually maintenance free. Designed and manufactured in Germany, this example of ergonomic brilliance has revolutionised the way we erect awnings and what's more, it's exclusive to Bradcot Awnings.

"If you hate frustration you'll love the Easy System!"

There's only three poles that make up the Freedom by Bradcot Awning, meaning you'll spend less time scratching your head and more time doing what you actually want to do - ***Enjoy your caravan!***

As Easy as...
1, 2, 3

The tailor made annex for the Freedom by Bradcot Awning has two purposes, to either simply add extra storage space for your awning, or opt for the optional inner tent and create a huge extra double bedroom.

Use your awning as either a sun canopy or a full awning - The Freedom by Bradcot comes with completely removable side and front panels!
